## Population Exposure

0.5 ° N

0.2 ° S

### **Structures**

There are likely to be no affected structures in this

# **Historical Earthquakes**

There were no earthquakes with significant population exposure to shaking within a 400 km radius of this event.

Selected City Exposure from GeoNames.org

MMI City Population

bold cities appear on map.

(k = x1000)

PAGER content is automatically generated, and only considers losses due to structural damage. Limitations of input data, shaking estimates, and loss models may add uncertainty.

<sup>\*</sup>Estimated exposure only includes population within the map area.
